Kirkland Bice, with Bledsoe County Rescue Squad addressed the board about the ongoing sewer problem and the expense of it at the squad building. He said that, they were requesting help from the City with getting Sewer installed at the Squad Building. He also said that, they had one other individual willing to help with the cost and they were also on the agenda at the next County Commission meeting to seek help from them as well.

The Mayor informed Mr. Bice that he had the City Engineer to look at the project a while back but it was just too costly for the City to take it on. The Mayor told him to proceed with getting financial assistance and he would have the city engineer look at a current cost for the project.
