

National Pedestrian Safety Month

EVERYONE IS A PEDESTRIAN!

SAFETY TIPS

For Pedestrians and Drivers

*Whenever you are not in your
vehicle, you are a pedestrian!*

WHEN YOU ARE WALKING

- ▶ Be predictable. Follow the rules of the road and obey signs and signals.
- Walk on sidewalks whenever they are available.
- If there is no sidewalk, walk facing traffic and as far from traffic as possible.
- Keep alert at all times; don't be distracted by electronic devices that take your eyes (and ears) off the road.
- Cross streets at crosswalks or intersections whenever possible. This is where drivers expect pedestrians.
 - Look for cars in all directions – including those turning left or right.
- If a crosswalk or intersection is not available, locate a well-lit area where you have the best view of traffic. Wait for a gap in traffic that allows you enough time to cross safely, and continue to watch for traffic as you cross.
- Never assume a driver sees you. Make eye contact with drivers as they approach you to make sure you are seen.
- Be visible at all times. Wear bright clothing during the day, and wear reflective materials or use a flashlight at night.
- Watch for cars entering or exiting driveways, or backing up in parking lots.
- Avoid alcohol and drugs when walking; they impair your abilities and judgment too.
