Purpose:

1. Trent Hodges, Engineer with Hussey Gay Bell Engineering Firm discuss Water Sewer rate Increase.
2. Public Comment on Water Sewer rate increase.

Trent Hodges, Engineer with Hussey Gay Bell Engineering Firm addressed the board on the new wastewater plant. The new plant will handle .366 gal per day. The plant will be an activated sludge aeration style treatment plant. The cost will be around \$18ML. with funds being provided by SRF, CDBG, ARP/TDEC with some local as well.

The project is considered to be on schedule and will be completed around October of 2026.

Short term impact on the city is raising the water sewer rates 11% each year for three years beginning now.

Long term impact on the city, the city will benefit by improving treated wastewater and prevent any permit violations.

Mr. Hodge then asked if any one had any questions. No one asked any question or made any comments.
