The American Legion met with the mayor previously and discussed the issue of the possibility of using the old police building for a meeting place.

A representative from the American Legion, explained they were not sure if the American Legion and VFW were going to get to keep the VFW Club Building. He said that, the VFW state department says they have possession of the building and could be up for sale after the time expired. The VFW has served Pikeville and Bledsoe for 79 years. He also continued to say he was here to ask the board about using the old police department for their meeting place in case they lost the building.

The condition of the building at the time is not in any condition to use without repairs. The city has advertised that the building is for sale. The mayor asked when they would know if they were going to get to keep the building? February, he answered.

Mayor Cagle, suggested waiting until February to discuss the matter more in detail. He also asked what the board and community could do to maybe help convince the state to let them keep the building? Correspond with letters may have some influence.

Motion was made by Wheeler and seconded by Lansing to approve moving \$447.17 of utility debt from active status to inactive status for collection and also approve the utility adjustments.
